Course Work

Applicants should use a personal copy of their official transcript to complete this section.
• Maximum of 15 entries
Applicants can enter 3 additional date ranges for repeated activities
• Maximum of 3 “Most Meaningful”
Letters of Evaluation

ADD A LETTER OF EVALUATION
Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application.

For medical schools’ requirements regarding letters of evaluation/recommendation, click Help.

Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.

- Committee Letter: A committee is a letter authored by a pre-health committee or pre-health advisor and intended to represent your institution’s evaluation of you. A committee letter may or may not include additional letters written in support of your application. A Committee Letter is sometimes called a composite letter.

- Letter Packet: A packet or set of letters assembled and distributed by your institution, often by the institution’s career center.

- Individual Letter: An individual letter refers only to a letter authored by, and representing, a single letter writer. If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.

Applicants can submit their application before AMCAS receives their letters.
Medical Schools

Applicants should be sure to select the correct program type and be mindful of program and transcript deadlines.
PERSONAL COMMENTS

Use the space provided to explain why you want to go to medical school. The available space for your response is 5300 characters, or approximately one full page. You will receive an error message if you exceed the available space. For additional assistance, click "help" on the tool bar at the top of the screen.

*What information should I consider including in my personal comments?*

I want to be a doctor!

Character Count: 22 (maximum 5300 characters)
MD/PhD ESSAY

The MD/PhD program(s) to which you are applying has requested that you provide two essays in addition to your Personal Comments. Your responses will only be forwarded to your designated MD/PhD program(s).

In the field below, please state your reasons for wishing to pursue the combined MD/PhD degree. The available space is 3,000 characters.

This is the first of the two statements required. When complete, click "continue" to enter a statement about your research experience. *

I really want to be a doctor!

SIGNIFICANT RESEARCH EXPERIENCE

Please enter your total hours of prior research experience.

Total Hours: *

Please describe your significant research experiences. In your statement, please specify your research supervisor's name and affiliation, the duration of the experience, the nature of the problem studied, and your contributions to the project. The available space is 10,000 characters.

If your research resulted in a publication on which you were an author, please provide the full citation in the Work/Activities section of your application. *
Standardized Tests

Applicants should indicate any future MCAT testing dates.

**Notes**

1. Test scores, like other measurements, are not perfectly precise. The confidence bands around test scores mark the ranges in which the test taker’s true scores probably lie. The diamond shapes and shading show that the test taker’s true scores are more likely to be their reported scores (in the second column) than the other scores in the confidence bands.

2. The percentile ranks of scores are the percentages of test takers who received the same scores or lower scores.

3. For the four sections, non-overlapping confidence bands show a test taker’s likely strengths and weaknesses. Overlapping confidence bands suggest that there are not meaningful differences in performance between sections.

Application Updates – MCAT Scores

Below you will see all MCAT series scores that 1) you have released to the AAMC, and 2) were taken since April 1991. If you have taken the MCAT recently and scores for that MCAT administration do not appear below, note that these scores may be pending for inclusion in your AMCAS application.

Please review your MCAT scores. If you have any questions, please contact an Applicant Relations Specialist: (202) 828-0690, mcat@aamc.org.

Notes:

¹Test scores, like other measurements, are not perfectly precise. The confidence bands that are shown for the Total Scores above mark the ranges in which your true scores likely lie. To obtain the confidence band for each section score, subtract one point from and add one point to the score.

²The percentile ranks of scores are the percentages of test-takers who received the same score or lower scores than you did.

Score breakdowns and confidence bands will appear in the AMCAS application.
Scores will be listed in reverse chronological order

Certification Statements

In order to complete and submit your application, you must certify the statement by checking each box and clicking the Agree button:

- I certify that the information in this application and associated materials is current, complete, and accurate to the best of my knowledge.
- I certify that all written passages, such as the personal statement, essays required from M.D.-Ph.D applicants and descriptions of work/activities, are my own and have not been written, in part or whole, by a third party. Quotations are permitted if the source is cited.
- I have read, understand, and agree to comply with AMCAS Instructions Manual, including the provisions noting that I am responsible for monitoring and ensuring the progress of my application process, by checking the Main Menu of my application. I understand that I am also responsible for reviewing my application after AMCAS processing is complete.
- AAMC investigates and may report to legitimately interested parties discrepancies in information, attempts to subvert the admission process, and any other irregular matter that occurs in connection with application activities. I understand and agree that the sole and exclusive remedy available to me to appeal or otherwise challenge the AAMC’s decision to send an investigation report to legitimately interested parties shall be confidential, binding arbitration through written submissions only to the Washington, D.C. office of the American Arbitration Association under the expedited procedures for commercial matters. I understand that my failure to request in writing arbitration within 30 calendar days of receipt of an investigation report that has been approved by the AAMC for transmittal to interested parties will constitute an absolute bar and waiver of this exclusive remedy. I further understand that the sole issue for arbitration shall be whether the AAMC acted reasonably and in good faith in making its decision.
- I understand that I am responsible for knowing and understanding the admissions requirements for each school to which I am applying, and that I am not eligible for a refund of AMCAS fees if I do not meet the admissions requirements of the medical schools.
- I understand that I am required to inform the Admissions Office of each medical school to which I apply if I am convicted of, or plead guilty or no contest to, a misdemeanor or felony crime after the date of my original application submission and prior to medical school matriculation. I understand that this communication must be in writing and must occur within ten (10) business days of the occurrence of the institutional action.

Welcome to the AMCAS Letter Writer Application

About the AMCAS Letter Writer Application

The Letter Writer Application enables letter writers to upload PDF documents to AMCAS rather than send letters via the mail. Once the PDF document is uploaded to the Letter Writer Application and after the processing of the AMCAS application the documents are made available to the medical schools designated by the applicant. Please click 'Help' after logging into the Letter Writer Application for instructions on uploading letters, or click HERE for a link to our public site which also contains detailed instructions.

The AAMC has established a centralized set of guidelines for letter writers. Please be sure to review these guidelines at www.aamc.org/amcasletters when writing letters of recommendation for applicants to medical schools.

Need Help?

Watch the Letter Writer Application tutorial to get started. Send us an e-mail using our online form.

About AAMC User Accounts

All major AAMC applications, such as ALIS, AMCAS, MCAT Thx, and the Fee Assistance Program use the same usernames and passwords. If you have used one of these systems please enter that username and password in the boxes to the left. Each user needs a separate AAMC account and you will need to register if you are uploading for an AMCAS applicant as you cannot use your applicant's/student's AAMC ID and password to upload documents.

Note: Medical schools may require your letters to be on official letterhead and include your signature.

Pre-Health Advisors
As a pre-health advisor, you have a critical role in guiding your students on their individual paths to medical school. The AAMC provides accurate, reliable resources and tools on medical school admission requirements, financial aid, the application process, and more, to support you in providing the best guidance to your students.

www.aamc.org/advisors
The AAMC believes that the cost of applying to medical school should not be a barrier to those who are interested in becoming physicians.

Fee Assistance program benefits are not retroactive! Please encourage advisees to apply well before they register for MCAT or submit their AMCAS application.
