About ERAS

The Electronic Residency Application Service (ERAS®) is a service of the Association of American Medical Colleges (AAMC). ERAS consists of MyERAS for applicants, Dean's Office Workstation (DWS) for the ERAS Fellowship Documents Office (EFDO), Program Director's Workstation (PDWS) for training programs and the ERAS Letter of Recommendation Portal (LoRP) for LoR authors.

ERAS Timeline

To view the ERAS timeline, please visit the [ERAS for Fellowship Application Timeline](#) page on our website.

Fees for ERAS 2019

ERAS Fellowship application fees are based on the total number of programs applied to within an ERAS season. MyERAS will automatically calculate processing fees and collect payment information for valid Visa or MasterCard credit cards at the time programs are applied to. For more detailed information, visit the [Fees for ERAS Fellowship Applicants website](#) page on our website.

 **Note:** ACGME-accredited and AOA-accredited program application fees are assessed separately.

ERAS Policies

All information regarding ERAS policies can be found on the ERAS website at <https://students-residents.aamc.org/applying-residency/article/eras-policies/>.

Supported Browsers

- Latest version of Chrome
- Latest version of Firefox
- Internet Explorer 10 & 11

 **Note:** ERAS does not provide technical support for the Safari browser, but does not enforce any browser restrictions. Mac (Apple) users needing technical support with MyERAS should use Google Chrome or Mozilla Firefox, as supported browsers.

Welcome to ERAS 2019 Season

Welcome to ERAS, a service of the Association of American Medical Colleges (AAMC). ERAS is easy to use, but it is important that applicants read and understand how the service works. This guide explains how ERAS works and outlines the steps for using MyERAS to apply to residency programs. Reading this guide may help applicants avoid errors that could affect their application.

Below is a list of changes and enhancements we have made to MyERAS for the 2019 season.

Letter of Recommendation Import

The application import function now includes the option to import Letter of Recommendations (LoRs). Applicants that have certified and submitted an application in a prior season (ERAS 2016 application season and onwards) will be able to import their application data and associated LoRs from their **most recent** residency or fellowship application into the current season.

LoR entry information and viewing rights will be consistent with the original and cannot be changed; however, the letter author does maintain the right to upload a new version of the LoR. Applicants will have the option to import their LoR(s) after agreeing to the MyERAS Terms and Conditions during registration. If an applicant does not wish to import their LoR(s) at that time, the applicant can access the History tab to import the LoR(s) at a later time (even after the application has been certified and submitted).

Note: Previous season applications must have been certified and submitted for the application material (i.e. MyERAS application and LoRs) to be available for import the following season(s).

Assignments Checklist

The Assignments Checklist is a new tool that provides a report listing the number of programs with or without document(s) assigned (including the American Board of Surgery In-Training Examination (ABSITE) (D.O. applicants only), COMLEX-USA Transcript (D.O. applicants only), ECFMG Status Report (IMG applicants only), MSPE, MS Transcript, Personal Statement, Photo, PTAL (IMG applicants only), USMLE Transcript, and LoRs).

The LoR Assignments are separated by programs with 4 LoRs assigned (maximum number of letters that can be assigned per program), and programs with fewer than 4 LoRs assigned.

Use this report to ensure that all documents are properly assigned to programs and avoid missing documents. Some documents are automatically assigned to all applied programs and do not require any action to assign these documents. You may click on the highlighted number icons to display the program(s) with or without the respective document assigned.

ACGME - Osteopathic Recognition

The ACGME accredits residency and fellowship programs, in addition to granting recognition for additional program formats and components. Osteopathic Recognition for fellowship programs is supplemental to ACGME-accreditation. Recognition provides an additional acknowledgment that is conferred to programs that provide training in Osteopathic Principles and Practices (OPP).

Some programs that have Osteopathic Recognition offer trainings that are not specifically related to OPP. The MyERAS application distinguishes programs with Osteopathic Recognition using filters and visual indicators, in addition to information related to training types.

More information related to Osteopathic Recognition can be found on the ACGME website at:
<http://www.acgme.org/What-We-Do/Recognition/Osteopathic-Recognition>.

ERAS Participants

There are many participants in the ERAS process. It is important to know your role and responsibilities to ensure a smooth application process.

Applicant Responsibilities

- Research fellowship programs and contact them for information.
- ERAS does not set fellowship program application deadlines or requirements. ERAS is not always alerted to changes in fellowship programs. Contact programs of interest to find out more about their requirements and deadlines. Also, confirm the program is participating in ERAS 2019 before sending your application materials to them via ERAS.
- This information can be found on the Participating *Specialties and Programs* website at <http://services.aamc.org/eras/erasstats/par/>. This page is updated each season. Additionally, the American Medical Association (AMA) publishes a descriptive online directory of all ACGME-accredited training programs, found at www.ama-assn.org/go/freida.
- Some programs have state requirements to which they must adhere that prevent selection of IMGs. Contact the programs directly to find out their requirements prior to applying.
- Visit the EFDO website for processing instructions and to receive your ERAS token to access MyERAS.

Note: The EFDO establishes their own processing procedures for fellowship applicants using ERAS. These procedures include the schedule for distributing materials, uploading and processing documents. Visit the [EFDO website](#) or contact the EFDO to check their schedule and procedures.

Note: The Participation status is set by the programs directly and determine whether their programs are open for applicants to apply. Make sure to research your programs thoroughly before applying.

- Register for MyERAS using your ERAS token obtained through the EFDO.
- Complete and submit your MyERAS application and personal statement(s) using MyERAS.
- Authorize USMLE and/or *COMLEX-USA transcripts* then assign along with your LoRs, photo and any additional documents.
- Distribute ERAS Letter Request Forms to LoR Author(s).
- Pay fees and apply to programs.
- Track the status of documents by program under the Programs Applied to page in MyERAS and monitor the *Message Center* for information from fellowship programs, the EFDO, as well as important notices from ERAS.
- Return to MyERAS to update your Personal Information as needed, resend your updated USMLE and/or COMLEX-USA scores and make changes to program selections and assignments as needed.
- Certify and Submit your application if you intend to import or access application information in future seasons.

ERAS Fellowships Documents Office (EFDO) Responsibilities

- Establish policies and procedures for document processing.
- Provide ERAS tokens to fellowship applicants.
- Support EFDO On-line Services allowing applicants to upload specific documents then process those documents.
- Upload and process all supporting documents received from applicants and medical schools.
- Support applicants in the application process.
- Maintain confidentiality of applicant information.

National Board of Medical Examiners (NBME) Responsibilities

- Process USMLE transcript requests for those programs designated by the applicant, including requests for updated scores.
- Send NBME Part exam scores, *Irregular Behavior Letters* (IBL) and FSMB reports to programs, if applicable.
- Maintain confidentiality of applicant information.

National Board of Osteopathic Medical Examiners (NBOME) Responsibilities

- Process COMLEX-USA transcript requests for those programs designated by the applicant, including requests for updated scores.
- Mail NBOME Part exam scores to programs, if applicable.
- Maintain confidentiality of applicant information.

Fellowship Programs Responsibilities

- Establish requirements and deadlines for the receipt of applications.
- Update program and listing information like requirements, deadlines, or participating status.
- Communicate with applicants regarding preferred application requirements and process.
- Maintain confidentiality of applicant information.

ERAS Staff Responsibilities

- Provide resources such as those found on the MyERAS website, including user guides.
- Provide technical support to applicants, the EFDO, LoR Authors and programs.
- Ensure reliable and secure transmission of application materials.
- Communicate known issues regarding the ERAS system along with any known solutions to affected users.
- Maintain confidentiality of applicant information.

Helpful Tips for Using MyERAS

1. The EFDO is the Designated Dean's Office for all fellowship applicants including graduates of U.S. and international medical schools.
2. ERAS will not collect or process any applicant documents. All supporting documents are received and processed by your Designated Dean's Office, the EFDO. LoRs must be uploaded by LoR Authors via the ERAS Letter of Recommendation Portal (LoRP).
3. In order to begin using MyERAS, you must obtain an ERAS token from the EFDO.
4. Refer to the Applicant data and LoR import sections to understand what material ERAS retains for reuse in subsequent seasons. Make sure to certify and submit your application prior to season close for historical use in following seasons.
5. ERAS does not set program application deadlines or requirements as they are set and communicated by the individual programs themselves. Applicants are advised to contact programs directly for this information.
6. You must certify and submit your MyERAS application **before** you can apply to programs.
7. Once you have certified and submitted your application, you will **not** be able to make any changes to your application outside of the information contained under the Personal Information page of the MyERAS application.
8. For LoRs, you must add and confirm *LoR Author(s)*. When you confirm a LoR Author, the system will generate a personalized *Letter Request Form*, which you will need to provide to the LoR Author. You can do this by email, post mail, fax, or in person.
9. Once you have released your USMLE and/or COMLEX-USA transcript, assigned it to program(s) and paid the transcript fee, ERAS will send your transcript requests for those programs to the NBME or NBOME.
10. Exam transcript requests are usually processed on the same-day but in special circumstances, it can take up to 5 business days from the date of your request for exam score transcripts to be processed and made available to programs. When new transcript scores are uploaded, the most recent upload date will display in MyERAS.
11. When searching for programs in MyERAS, if a program has a status other than Participating, you should contact that program directly regarding their participation status with ERAS. Be sure to follow due diligence and research your programs even if they have been marked as participating.
12. Some programs have state requirements to which they must adhere that prevent selection of IMGs. Contact the programs directly to find out their requirements prior to applying.
13. Remember to check the *Message Center* and to track the progress and status of your application and documents frequently.
14. Remember to check the *Assignments Checklist* to ensure that your documents are assigned and sent properly to the programs they are applied to.

Registration

To access MyERAS, first contact the EFDO or visit their [website](#); they will issue you an ERAS token, which is a one-time access code used to register for MyERAS.

Note: The EFDO establishes their own processing procedures for ERAS applicants. These procedures include the schedule for distributing materials, uploading and processing documents. Contact the EFDO or visit their [website](#) to check their schedule and procedures.

What You Should Know Before You Register for MyERAS

- Applicants must obtain an ERAS token from your Designated Dean's Office, the EFDO. If an applicant uses an ERAS token from another school or organization, your documents cannot be accurately uploaded.
- Make sure that they are using an ERAS token for the current MyERAS season. The system will not allow applicants to use an ERAS token from a previous season to register.
- An ERAS token can only be used once to register. Be sure to enter all information accurately.
- Applicants need an AAMC Account to register their ERAS token. If an applicant does not have an AAMC Account from a previous ERAS season or use of another AAMC service, they will need to register for an account.

Note: Registration with ERAS does not register applicants for any established Match. ERAS is a separate entity and does not provide matching services. If an applicant intends to participate in a Match, they must contact that organization for registration, eligibility and participation information (AOA, Military, NRMP, San Francisco or Urology).

How to register for MyERAS

1. Go to <https://apps.aamc.org/myeras-web>.
2. Sign-in with your personal AAMC Account or register for an AAMC account, if you do not have one.
3. Enter your valid ERAS token and select *Continue*.
4. Review and accept the MyERAS terms and conditions.
5. Complete your Medical School Graduation Information, review and agree to the *AAMC Policy Notice* and select *Continue*.
6. Review your information and select *Continue*, if correct.
7. If given the option to import application material from a previous season, select the appropriate residency or fellowship application or Letter of Recommendation(s) to be imported.

Step 1: Select an available residency or fellowship application to import and select *Continue*.

 Note: Applicants will only have access to their most recent residency and fellowship application (ERAS 2016 application season and onwards) that was certified and submitted prior to the season ending.

Step 2: Select the LoR(s) from the table to import and select *Continue*.

 Note: LoR entry information and viewing rights will be consistent with the original and cannot be changed; however, the letter author does maintain the right to upload a new version of the LoR.

Step 3: Verify the selections for Application Data and LoRs, and select *Confirm Import* when ready.

 Note: If you opt to skip the step or cancel the import for either application data or LoR(s), you may access steps to import in the History Tab. Find out more information below in the [History section](#) of the user guide.

Dual Applicants

If you are applying for a fellowship and residency position concurrently during an ERAS season, you will be able to register both a fellowship and residency token. Once you have registered your first token (fellowship or residency) and are logged into MyERAS, there will be a drop-down option at the top of the page that allows you to register your second token. Selecting this option will take you to the token entry page where you can repeat steps 3-5 above.

After you have registered both tokens, you will login to MyERAS using a single AAMC account and be able to switch between your fellowship and residency application.

Application

This area contains the form used to complete the MyERAS application. You do not have to complete the entire application at one time and it can be complete in any order that works best for you.

General

- MyERAS does not allow applicants to customize or personalize the information within the MyERAS application form for individual programs. Applicants only have one MyERAS application that will be sent to all programs applied to in MyERAS.
- Applicants may customize the assignment of specific ERAS documents, such as *Personal Statements* and LoRs, for individual programs or groups of programs in the same specialties.
- Applicants are not required to complete their MyERAS application in one sitting and are advised to take their time working on each section as desired.
- Information in each section of the MyERAS application can be stored individually.
- Applicants may change information in their MyERAS application at any time **prior to** certifying and submitting.

MyERAS Worksheet

- The MyERAS worksheet contains every field in the online MyERAS application and it is intended to provide an opportunity to prepare for completing the actual MyERAS application beforehand.
- Applicants will still need to complete their MyERAS application online.
- You may access this blank worksheet from the *Dashboard* tab in MyERAS under *Resources* or from the [Tools for Fellowship Applicants](#) page on our website.

Support and guidance while completing your application

1. The [ERAS HelpDesk](#) is available to assist all applicants with technical support regarding inquiries and issues related to the MyERAS web application.
2. Fellowship applicants **seeking guidance** with the completing the content of the MyERAS application or relevant documents are advised to use their best judgment and reach out to the EFDO as their Designated Dean's Office for further guidance.

Keeping the Personal Information up-to-date

-  We recommend that you complete as much of your Personal Information as soon as possible.
-  Personal Information is very important to the programs to which applicants have applied to; therefore, it is essential that this information is kept up-to-date throughout the application season.
-  If updates are made after programs have been applied to, they will be available to programs after clicking *Save Personal Information*.

Certifying and submitting your application

- Certifying and submitting the MyERAS application is a one-time action that cannot be reversed or undone as it will lock on submission to ensure that all programs receive the same copy of the applicant's application.
- A few things to keep in mind before submitting the MyERAS application:
 - All required fields denoted by a red asterisk (*) must be completed and saved.
 - It is important to carefully review the entire MyERAS application before certifying and submitting to ensure everything is complete and correct.
 - Use the *Application* section on the Dashboard to locate high-level omissions (e.g., major sections that were not saved).
 - The MyERAS application does not include a spell or grammar check feature.
 - You cannot apply to programs until your application has been certified and submitted.
 - Once you have submitted your MyERAS application, you will not be able to make any changes or updates. There are no exceptions.

Note: When you click *Submit* on the final screen of the certify and submit process, a final message will appear that reads:

“Once you have certified and submitted your application, it will be irrevocably locked and no changes will be permitted. Your application, once certified and submitted, is provided to all programs to which you apply during this ERAS season. Please take the additional time to proofread your application for any errors or omissions.”

Viewing Your MyERAS Application

1. The MyERAS application can be viewed as a PDF version of the information entered in MyERAS by selecting *View/Print MyERAS Application* located in the *Application* tile on the Dashboard and in the top-right area of every page under the *Application* section.
2. This allows Applicants to see how the contents of the MyERAS application will be displayed to programs.
 - a. PDF version of the MyERAS application is displayed in APA format to programs.

Viewing the Curriculum Vitae (CV)

- The *Curriculum Vitae* (CV) is the same information you entered in the application section of MyERAS. The CV is nothing more than the MyERAS application formatted differently for the benefit of those programs that prefer to view a CV format.

Personal Information

 **Note:** This section of the application should be kept up-to-date throughout the application season.

<i>Contact Information</i>	<p>Applicants will enter their basic contact information such as name, contact numbers and email address.</p> <p>It may take a few minutes for an updated email to be reflected in MyERAS.</p>

Biographical Information	
<i>General</i>	Applicants may enter biographical information that includes <i>Gender, Birth Place, and Birth Date</i> .
<i>Self-Identification</i>	Applicants may indicate to programs how they self-identify. If you prefer not to self-identify, please ignore this section. Applicants who reside in the European Union are not to answer this question.
<i>Language Fluency</i>	Applicants must enter the language(s) that they speak, including English. Proficiency for each language must also be indicated.
<i>Military Information</i>	Applicants must indicate any US military active duty service obligations or deferments including the <i>Branch and Number of Years Remaining</i> , if applicable. Any other service obligations (i.e. Military Reserves, Public Health/State programs, etc.) should also be indicated and described in the associated text field.
<i>Additional Information</i>	Applicant may enter any hobbies and/or interests.
Education	
<i>Higher Education</i>	Applicants can enter information regarding the institution, degree and dates of attendance for each undergraduate and graduate school attended. If an applicant does not have at least one entry to enter, they must select <i>None</i> .
<i>Medical Education</i>	Applicants must complete information regarding the institution, degree and dates of attendance for each medical school attended. The entry for an applicant's medical school of graduation must be completed at a minimum.
<i>Additional Information</i>	Applicants may enter information about their membership in honorary and/or professional societies. Additional information about medical school and other awards/accomplishments can also be entered here.
Experience	
<i>Training</i>	Applicants must enter each current or prior AOA Internship, AOA Residency, AOA Fellowship, ACGME Residency or ACGME/RCPSC/UCNS Fellowship in which you have trained, regardless of the length of time spent in the training. If an applicant does not have at least one entry to enter, they must select <i>None</i> .

<i>Experience</i>	Applicants must enter each <i>Clinical and Teaching</i> experience as <i>Work</i> experiences and all unpaid extra-curricular activities and committees served as <i>Volunteer</i> experiences. If an applicant does not have at least one entry to enter, they must select <i>None</i> .
<i>Additional Questions</i>	Applicants must indicate if their medical education was extended or interrupted and provide details when <i>Yes</i> is selected.
Licensure	
<i>State Medical Licenses</i>	Applicants must enter each state medical license. If an applicant does not have at least one entry to enter, they must select <i>None</i> .
<i>Additional Questions</i>	Applicants must answer questions concerning medical license status, malpractice cases, misdemeanor, or felony convictions. Additionally, board certification* and <i>DEA Registration</i> information can be entered here as well. *Board certification is a voluntary process that a physician undergoes to assure the public that he or she has successfully completed an approved educational program and the appropriate examinations to practice in a particular specialty or sub-specialty.
Publications	
<i>Publications</i>	Applicants must enter each publication under the predetermined publication types designated by the programs. Publication types available are: <ul style="list-style-type: none"> • <i>Peer Reviewed Journal Articles/Abstracts</i> • <i>Peer Reviewed Journal Articles/Abstracts (Other than Published)</i> • <i>Peer Reviewed Book Chapter</i> • <i>Scientific Monograph</i> • <i>Other Articles</i> • <i>Poster Presentation</i> • <i>Oral Presentation</i> • <i>Peer Reviewed Online Publication</i> • <i>Non-Peer Reviewed Online Publication</i> Publications are ordered by type of publication according to the order above and then by the author last name in ascending alphabetical order. If an applicant does not have at least one entry to enter, they must select <i>None</i> .

Certify and Submit	
<i>Review Application</i>	The applicant's MyERAS application is presented here for a final review. Applicants should take this opportunity to ensure there are no omissions or inaccuracies before certifying and submitting their MyERAS application.
<i>MyERAS Application Release</i>	Applicants must indicate whether they would like to grant the EFDO permission to view their application once certified and submitted. This selection can be changed from the <i>Application</i> tile on the <i>Dashboard</i> at any time during the application season.
<i>Certify and Submit</i>	Applicants will be required to acknowledge the certification statement and enter their account password to complete the submission process.

Documents

Within your MyERAS account, you may create personal statement(s); identify the people who will write your letters of recommendation (LoRs); upload your photo; and release your COMLEX-USA and/or USMLE transcripts. You will also assign most documents to the programs, track the status of these and any additional ERAS documents.

- The EFDO is the Designated Dean's Office for all fellowship applicants whether a US medical school graduate or an international medical school graduate. Applicants should visit the EFDO website for information about submitting their documents for upload or obtaining contact information when additional information is needed. **The EFDO no longer accepts paper documents for fellowship applications. Documents sent via mail or courier to their offices will not be processed.**
- *EFDO Online Services* allows applicants to upload certain document types themselves; as well as send requests to your medical school to upload their MSPE and medical school transcript. A unique link to the *EFDO Online Services* account for each applicant is only available within MyERAS on the *Additional Documents* page under *Documents*.
- Each program sets individual requirements for the ERAS documents that should be submitted with the MyERAS application. Applicants should research programs individually to determine those requirements **before** making document assignments.
- Documents can be assigned “by document” to your full list of saved and applied to programs through the sections under *Documents*.
- An Assignments Checklist can be found under the Programs section in MyERAS. This checklist is a convenient way to see the assignment statuses for documents and Letters of Recommendation (LoR) for programs that you have saved or applied to.
- Each ERAS document has different guidelines and/or restrictions for being uploaded into the ERAS system and assigned to programs. Please review the information below for the specific guidelines and/or restrictions of each document.
- Any document not listed below is not considered an ERAS Document. A program may request materials in addition to those outlined below to assist in its decision-making; however, these materials must be received outside of ERAS.

Note for D.O. Applicants: Consider whether you will apply to ACGME and/or AOA-accredited programs. The COMLEX-USA transcript can be assigned to both ACGME-accredited and AOA-accredited programs but the USMLE transcript can only be assigned to ACGME-accredited programs. If you apply to ACGME-accredited programs, please be sure to request transcripts for all licensure examinations you have taken (i.e., USMLE, COMLEX-USA examinations) and assign to these programs. If you only apply to AOA-accredited programs, you only need to request your COMLEX-USA transcript.

Personal Statements	
<i>About the Personal Statement</i>	Personal statement(s) may be used to personalize the application to a specific program or to different specialties.
<i>Creating the Personal Statement</i>	<p>Applicants create their own <i>Personal Statements</i> within MyERAS from the <i>Personal Statements</i> section listed under <i>Documents</i>.</p> <ul style="list-style-type: none"> • Each must contain a <i>Personal Statements Title</i> and the <i>Personal Statement Content</i>. The title will only be visible to the applicant in order to help them correctly assign it to programs and the content will be visible to both the applicant and the applied to programs it is assigned to. • The personal statement is limited to 28,000 characters, which can include letters, number, spaces and punctuation marks. • There is not a limit to how many personal statements applicants can create. • Personal statements created outside of MyERAS should be done in a plain text word processing application such as Notepad (for Windows users) or SimpleText (for Mac Users). • Personal statements created in word processing applications not using plain text may contain hidden and potentially invalid formatting. <p> Note: There are a number of websites that provide examples of personal statements. Do not copy any information from these sites and use them in your personal statements without giving credit to the author. This is considered plagiarism.</p> <ul style="list-style-type: none"> ▷ Any suspected acts of plagiarism will be investigated by ERAS. ▷ Any substantiated findings of plagiarism may result in the reporting of such findings to the programs to which you apply now and in subsequent ERAS seasons.
<i>Formatting the Personal Statement</i>	<p>When creating a <i>Personal Statement</i> within MyERAS, the following formatting options will be available:</p> <ul style="list-style-type: none"> • Bold • Italic • Underline • Strikethrough • Bullets • Numbering • Align Left • Center • Align Right • Increase Indent

Letters of Recommendation (LoRs)

<i>About LoRs</i>	LoRs must be uploaded through the ERAS LoR Portal by the <i>LoR Author</i> . It is the applicant's responsibility to follow up with <i>LoR Authors</i> regarding LoRs.										
<i>Creating LoR Entries</i>	<p>Applicants must create a LoR entry for each LoR that they intend to use during the application season.</p> <ul style="list-style-type: none"> Each LoR entry created can contain an <i>Author Name*</i>, <i>Author Title and Department*</i>, <i>Specialty to which the letter will be assigned</i>, <i>Program Director/Department Chair</i> selection, and <i>waive right to view*</i> selection. (* required field) The <i>Specialty to which this letter will be assigned</i> field allows applicants to label LoR entries that they intend on assigning to programs of specific specialties. This field is will only be viewable to applicants, their Designated Dean's Office and the <i>LoR Author</i> – not programs. The <i>Program Director</i> selection should only be made for LoR entries that are written by <i>LoR Authors</i> who are a program director in a current or previous residency or fellowship where the applicant trained. This selection should only be used by residents and fellows. It does not apply to rising seniors. The <i>Department Chair</i> selection should only be made for LoR entries that are written by <i>LoR Authors</i> who are a Department Chair where the applicant completed a clerkship training. Group departmental letters must be signed by the team composing the letter. Applicants must indicate whether they waive their right to view the LoR for each LoR entry created. Applicants who waive their right to view a LoR are not permitted to view or obtain the LoR under any circumstances. Programs

This is where applicants will search, save, and apply to programs. As well as assign documents, manage training selections and track the status of documents by programs applied to.

What You Should Know Before You Apply To Programs

- On rare occasions, a program will sign up initially to participate in ERAS and later withdraw from participating. Sometimes, the program does not communicate the withdrawal to ERAS staff; therefore, it is imperative that applicants contact **ALL** programs to ensure that they are participating in ERAS before submitting their application materials to them.
- Applicants should be sure to contact each program before you apply to make sure you understand and meet all program eligibility requirements and deadlines, including citizenship and visa requirements.
- Programs have the ability to update their participation status in ERAS to inform applicants when they are no longer accepting new applications. This will be reflected in MyERAS and applicants will not be able to select or apply to these programs. If applicants applied to a program before they changed their status to “*No longer accepting applications*”, applicants will still be able to make document assignment changes.
- ERAS is not an authority on accreditation and is not responsible for any changes to program status. Applicants should be sure to research and contact residency programs for information on their accreditation status, requirements, and deadlines.

Note: ERAS does not give refunds for any reason. Applicants are advised to research and contact programs before applying to minimize the risk of applying to a program that is no longer accepting applications or not participating in ERAS.

Search Programs	
<i>Search Criteria</i>	<p>Applicants can search for programs of interest using one of the following options:</p> <ul style="list-style-type: none"> • Search by Accreditation ID (ACGME ID or AOA ID) • Search by Specialty <p> Note for D.O. Applicants ONLY: Before entering search criteria, applicants must first indicate if they are searching for AOA-accredited or ACGME-accredited programs.</p>
<i>Search Results</i>	<p>By default only 10 search results will display at time. This can be changed by clicking the <i>Displaying</i> down arrow and selecting <i>10, 20, 25, 50 or All</i>.</p> <p>Pagination is available at the bottom of the page when <i>All</i> is not selected.</p> <p>Based on the search criteria, the associated specialty will display at the top of the search results list, along with the application cycle.</p>

	<p>For each program in the search results, the following information will be displayed:</p> <ul style="list-style-type: none"> • <i>Program Name</i> • <i>City</i> • <i>State</i> • <i>Accreditation ID</i> • <i>Status</i> (ERAS participation status) • <i>Training type(s) offered by program</i> <p>Applicants can click the <i>Program Name</i> link to view the contact details and additional information specific to that program, as well as manage track selections.</p> <p>If a program has additional information that they would like to share with applicants regarding their program, an icon () will display to the right of the program name. Click on the program name link to view the additional information. Programs are not required to share additional information in MyERAS.</p>
<i>Filtering Search Results</i>	<p>Applicants can narrow down their search results using the following filter options:</p> <ul style="list-style-type: none"> • Applicants can enter keywords that are in the <i>Program Name</i>, <i>City</i> and <i>State</i> to search for programs. • Selecting the <i>Show only Programs accepting applications</i> checkbox will only display programs that have a status of <i>Participating</i> and are actively accepting application through ERAS. This checkbox is selected by default every time a new search is performed. Applicants can unmark this checkbox to view all programs regardless of status. <p> Note: Applicants who are interested in program(s) that have a status other than '<i>Participating</i>', will have to contact those program(s) directly to find out how they would like to receive application material.</p> <ul style="list-style-type: none"> • The <i>Filter by Training Type</i> drop down list will display all training types that are available within the current search results. By default, <i>View All</i> is selected. However, applicants can select any of the available training types if they are only interested in a specific training type. Applicants can use these filtering options one at a time or in any combination.
<i>Adding Programs to Saved Programs List</i>	<p>Applicants must select at least one training type for each program that they would like to add to their Saved Programs list.</p> <ul style="list-style-type: none"> • As an applicant makes their training selections from their search results, the Programs Selected count at the top of the results pane will keep track of how many programs have been selected. The Programs

	<p>Selected count follows the applicant as they scroll through their search results.</p> <ul style="list-style-type: none"> Once the applicant has made their training selections and would like to save them, they must click <i>Save All Selected</i> next to the Programs Selected count. The applicant will then be presented with a list of their selections, which they must <i>Confirm</i> to add to their Saved Programs list. If the applicant is not satisfied with the list, they can click <i>Cancel</i> to return to their search results and modify their selections. <p> Note: Confirming programs of interest to your Saved Programs list does not mean that you have applied to those programs.</p>

Programs Applied To	
<i>Search</i>	Applicants can enter keywords or numbers that are in the <i>Program Name</i> , <i>Specialty</i> , <i>City</i> , <i>State</i> , <i>Accreditation ID</i> , and <i>Training Type</i> to search for programs within their Programs Applied To list.
<i>Programs Applied To List</i>	<p>For each program in the <i>Programs Applied To</i> list, the following information will be displayed:</p> <ul style="list-style-type: none"> • <i>Program Name</i> • <i>Specialty</i> • <i>City</i> • <i>State</i> • <i>Accreditation ID</i> • <i>Applied Dates</i> • <i>Training Type Selections</i> <p>Applicants can click the <i>Program Name</i> link to view the contact details and additional information specific to that program, as well as manage training selections.</p> <p> Note: Applicants can select additional training types at any time. However, training selections cannot be removed once an applicant has applied to a program. Applicants must contact the program(s) directly if they no longer wish to be considered for a training type that they previously selected.</p>
<i>Track Assigned Documents</i>	Expanding <i>Track Assigned Documents</i> for any given program, allows applicants to track the status of the application and all documents assigned to that specific program.
<i>Assigning Documents</i>	<p>Applicants must designate the assignment of documents to each program. It is important that applicants know the program requirements so they can keep that in mind while making their assignments.</p> <ul style="list-style-type: none"> • Documents can be assigned to any program applied to by selecting <i>Assign Documents</i> under the <i>Actions</i> column of the intended program. • After applying to programs, document assignments are locked and cannot be changed. With the exception of the Personal Statement, which can be changed at any time throughout the season. However, keep in mind that it is not guaranteed that programs will view newly assigned personal statements. <p> Note: Applicants cannot assign documents to programs that are closed.</p>
<i>Withdrawing From Programs</i>	Applicants should withdraw from program(s) if they determine that they are no longer interested in a program and would like to inform the program that

	<p>they no longer wish to be considered for a position. This is especially true if an applicant is granted an interview. Alerting the program allows them an opportunity to provide the interview slot to another worthy candidate.</p> <ul style="list-style-type: none"> To withdraw from program(s), applicants must mark the checkbox for each program they would like to withdraw from and click <i>Withdraw</i>. Then review the program(s) selected and withdraw information, and confirm by clicking <i>Withdraw</i>. <p>When an applicant withdraws from program(s) in MyERAS, the program(s) will still display in the applicant's <i>Programs Applied To</i> list but will be marked: <i>You have withdrawn from this program</i>.</p> <p>Withdrawing from a program in MyERAS does not remove your application from the program's PDWS system view. It will just mark your application as <i>Withdrawn by Applicant</i>. Keep in mind that this will apply to all training types selected. In addition to withdrawing in MyERAS, applicants should contact the program directly and make them aware of their decision, in the event they overlook the <i>Withdrawn by Applicant</i> indicator in the PDWS system.</p> <p>If an applicant inadvertently withdraws or later change their decision to withdraw, they can reinstate their application for any program on the Programs Withdrawn From page. Applicants should also contact the program directly and make them aware of their decision.</p>
<p>Programs Withdrawn From</p>	
<p><i>Search</i></p>	<p>Applicants can enter keywords or numbers that are in the <i>Program Name, Specialty, City, State, Accreditation ID, and Training Type</i> to search for programs within their Programs Withdrawn From list.</p>
<p><i>Programs Withdrawn From List</i></p>	<p>For each program in the <i>Program Withdrawn From</i> list, the following information will be displayed:</p> <ul style="list-style-type: none"> <i>Program Name</i> <i>Specialty</i> <i>City</i> <i>State</i> <i>Accreditation ID</i> <i>Training Type Selections</i> <p>Applicants can click the <i>Program Name</i> link to view the contact details and additional information specific to that program, as well as view training selections that were made when they applied to the program.</p>

	Applicants will not be able to manage or make any changes to their training type selections or document assignments for a program that they have withdrawn from.
<i>Reinstating an Application</i>	<p>If an applicant inadvertently withdraws or later change their decision to withdraw, they can reinstate their application on the <i>Programs Withdrawn From</i> page.</p> <ul style="list-style-type: none"> To reinstate an application, applicants must mark the checkbox for each program they would like to reinstate their application with and click <i>Reinstate</i>. Payment History	
<i>Payment History</i>	Provides a summarized history of all ERAS fees and exam transcript fees (USMLE and/or COMLEX-USA) paid for the current ERAS season.
Assignments Checklist	
<i>Assignments Checklist</i>	<p>Provides a report listing the number of programs with or without document(s) assigned (including the American Board of Surgery In-Training Examination (ABSITE) (D.O. applicants only), COMLEX-USA Transcript (D.O. applicants only), ECFMG Status Report (IMG applicants only), MSPE, MS Transcript, Personal Statement, Photo, PTAL (IMG applicants only), USMLE Transcript, and LoRs).</p> <p>The LoR Assignments are separated by programs with 4 LoRs assigned (maximum number of letters that can be assigned per program), and programs with fewer than 4 LoRs assigned.</p> <p>Please check the requirements of the programs you wish to apply to. Many programs require 4 LoRs to be assigned while some programs allow only 2 or 3 LoRs to be assigned. Use this report to ensure that all documents are properly assigned to programs and avoid missing documents. Some documents are automatically assigned to all applied programs and do not require any action to assign these documents. You may click on the highlighted number icons to display the program(s) with or without the respective document assigned. You may bulk assign documents from the Documents tab.</p>

Assignments Report

Assignments Report

Provides a detailed report of training selections and document assignments for programs an applicant has saved and applied to. Use this report to ensure that the documents assigned to the program meet their application requirements.

What Happens When You Apply to Programs

- All programs to which you applied are sent your MyERAS application, as well as any personal statements that you created and assigned to them.
- If you authorized the release of your USMLE transcript, assigned it to at least one program to which you applied and paid the transcript fee, the NBME will receive a request for the transcript and a list of programs to which you assigned your transcript.
- If you authorized release of your COMLEX-USA transcript, assigned it to at least one program to which you applied and paid the transcript fee, the NBOME will receive a request for a transcript and a list of programs to which you assigned your transcript.
- The EFDO will receive a list of programs that you applied to and the documents you assigned to these programs.
- Using the Program Director's Workstation (PDWS), participating fellowship programs view application documents. Program directors may print, review, and evaluate applications using criteria they establish.

Note: Programs do not receive any information regarding other programs to which you applied, or the number of applications you have submitted.

- Fellowship programs must log into the Program Director's Workstation (PDWS) to view application material. Applications sent after a program's deadline may not be considered by the program. It is the applicants' responsibility to ensure that application materials are sent to programs before their deadline(s). Refunds will not be given if fellowship programs decide not to consider an applicant's application.

Communicating with Programs

Program directors may contact applicants at any time regarding their application via the MyERAS *Message Center*, email, telephone, or regular mail. Programs may use an applicant's email address to send invitations to interview and to ask for additional information. Applicants should be sure to check their email regularly while their applications are active. The MyERAS Contact email address entered under the *Personal Information* section needs to be up-to-date and active. If an applicant will not have access to their email (e.g., may be away), they should make arrangements to have someone keep them updated.

Message Center

The *Message Center* displays messages sent by programs applicants have applied to, the EFDO and ERAS. The *Message Center* can only display messages sent through *ERAS*. Messages sent **outside** of the ERAS system (e.g. emails from the program's institution/personal email account) will not be captured in the *Message Center*.

General

- Applicants cannot initiate messages with programs they have applied to, the EFDO or ERAS. They can only reply to messages that are received in the MyERAS *Message Center*.
- A count of unread messages is available next to the Message Center menu item at the top of the page and in the left navigation next to the Message Center's Inbox. The count is updated as applicants open/read messages.

Any new messages received while in the Message Center will only be reflected in the count of unread messages when an applicant refreshes the Message Center page.

Interviews

This area displays all interview invitations sent to an applicant by ERAS programs using the ERAS interview scheduling tool. Applicants will have the ability to schedule, waitlist and decline interview invitations.

General

- ERAS programs are not obligated to use the ERAS interview scheduling tool. Programs may choose to use other methods, such as telephone, email or other interview scheduling tool (e.g. Interview Broker, Thalamus), to schedule interviews. It is important to check your email and MyERAS Message Center for information regarding interviews.
- Interview invitations sent **outside** of the ERAS system will not be captured in MyERAS.

Invitations	
<i>Invitations</i>	<p>For each interview invitation an applicant receives, the following information will display on the <i>Interviews</i> page:</p> <ul style="list-style-type: none"> • Program information row: <ul style="list-style-type: none"> ○ <i>Program Name</i> ○ <i>Specialty</i> ○ <i>City</i> ○ <i>State</i> ○ <i>Accreditation ID</i> ○ <i>Action</i> column with option to <i>Decline</i> an interview invitation • The <i>Interview Status</i> tile will display date(s) you have scheduled or waitlisted for an interview with that program. An applicant's interview status will display in a color block to the right of the <i>Interview Status</i> header. Possible interview statuses are as follows: <ul style="list-style-type: none"> ○ <i>Invited</i> – applicant has received an interview invitation but has not taken any action ○ <i>Scheduled</i> – applicant has scheduled for an interview date ○ <i>Waitlisted</i> – applicant has waitlisted for an interview date(s) • The <i>View Interview Dates</i> tile will display all available interview dates sent to the applicant as part of the interview invitation and consist of the following information: <ul style="list-style-type: none"> ○ <i>Interview Date</i> – displays the date or date range of an interview, along with the duration of the interview (AM/PM/All Day)

	<p> Note: Specific details about the duration of an interview will not appear in the <i>Interviews</i> section of MyERAS. Applicants should contact programs directly for questions regarding the exact time of an interview and any additional information they may need.</p> <ul style="list-style-type: none"> ○ <i>Freeze Date</i> – a deadline set by the program to prevent applicants from taking any further action on an interview date. With the exception of <i>Cancel</i>, applicants will not be able to take any action on an interview date as of 12 AM EST on the freeze date. ○ <i>Status</i> – provides the status of the availability of openings for an interview date. Interview date statuses are as follows: <ul style="list-style-type: none"> ▪ <i>Available to Schedule</i> – openings are available to schedule for an interview ▪ <i>Available to Waitlist</i> – there are no more openings to schedule but an applicant may waitlist for an interview ▪ <i>Expired</i> – no action can be taken because it is past the <i>Freeze Date</i> ▪ <i>Scheduled</i> – applicant has scheduled to interview ▪ <i>Waitlisted</i> – applicant has waitlisted to interview ▪ <i>No Longer Available</i> – there are no openings available to schedule or waitlist for an interview ○ <i>Action</i> – displays the option to schedule or waitlist for an interview date, as well as cancel an already scheduled or waitlisted interview date. Available actions will display according to the status of the interview date.
<p><i>Scheduling for an Interview</i></p>	<ul style="list-style-type: none"> ● For each program, applicants can only schedule to interview for one (1) interview date. ● The interview date must have a status of <i>Available to Schedule</i> in order to schedule to interview for that date. ● Once an applicant has scheduled for an interview date, the date will appear in the <i>Interview Status</i> tile. ● Applicants cannot be scheduled AND waitlisted for an interview with a single program. However, an applicant can cancel a scheduled interview and then waitlist for any number of days. <p>An applicant can schedule an interview by doing one of the following:</p>

	<ul style="list-style-type: none"> • <i>Invitations</i> page – Expand the <i>View Interview Dates</i> tile for the desired program, locate a date with an <i>Available to Schedule</i> status, and select <i>Schedule</i> in the <i>Action</i> column • <i>Calendar</i> page (Calendar view) – Select an <i>Available to Schedule</i> (S) date on the calendar for the desired program, and then select <i>Schedule</i> in the <i>Action</i> column in the modal window • <i>Calendar</i> page (List view) – Locate the desired program and date with an <i>Available to Schedule</i> status in the list, and select <i>Schedule</i> in the <i>Action</i> column
<p><i>Waitlisting for an Interview</i></p>	<p>Programs have the option to allow applicants to waitlist for interview date(s) that fill all their openings. However, programs are not obligated to offer applicants the option to waitlist. Waitlisting for an interview does not guarantee an applicant an interview with a program. The process for managing waitlisted applicants is determined by each individual program.</p> <ul style="list-style-type: none"> • For each program, applicants can waitlist for any number of dates. • The interview date must have a status of <i>Available to Waitlist</i> in order to waitlist for an interview date. • Once an applicant has waitlisted for an interview date(s), the date(s) will appear in the <i>Interview Status</i> tile. • Applicants cannot be waitlisted AND scheduled for an interview with a single program. History

Applicants that have certified and submitted an application in a prior season (ERAS 2016 application season and onwards) will be able to view and download the following documents:

- MyERAS Application
- MyERAS CV
- Program Report
- Payment History
- Personal Statements

Applicants will also be able to import their most recent certified and submitted residency or fellowship application and/or Letters of Recommendation into the current season application.

Import Application Data

Import Application Data

Applicants that register a token for the current application season have the option to import their application information from the most recent prior season into their active application. After being prompted to import,

- Select the residency or fellowship application you would like to import your application information from and click Continue.
- You can choose to import later if you would like to revisit this option at a later point from the History tab.
- Lastly, verify that the selected options are correct, and click Confirm Import.

Once the import is complete, each application section (Personal Information, Biographic Information, Education, Experience, Licensure, Publications) will be transferred to the current season application. The application information can be revised after importing the application. Each application section must be reviewed and saved before applicants can certify and submit their application. Once an application is certified and submitted, it will be irrevocably locked and no changes will be permitted (with the exception of the personal information section).

 **Note:** The application, once certified and submitted, is provided to all programs to which applicants apply to during this ERAS season. Please take the additional time to proofread the application for any errors or omissions.

Import Letter of Recommendation

Import Letters of Recommendation

Applicants that have at least one Letter of Recommendation (LoR) uploaded during a previous application season also have the option to import their LoR(s) from the most recent certified and submitted residency and fellowship

applications into their active application. After selecting the Import Letters of Recommendations option,

- Mark the checkbox for the Letters of Recommendation that you would like to import and click Continue. You can choose to import later if you would like to revisit this option at a later time from the History tab.
- Lastly, verify that the selected options are correct, and click Confirm Import.

Imported LoR(s) can be found in the Letters of Recommendation section of the Documents tab. Once the LoR(s) are imported with a status of “Imported”, applicants can assign them to their specific desired programs. These letters still count toward the total Letters of Recommendation (4) that can be assigned to designated programs. Changes cannot be made to the LoR information. The letter author maintains the right to upload a new version of the LoR. LoRs can be imported at any time during the season regardless of whether the MyERAS application has been certified and submitted.

-  **Note:** Applications from prior seasons must have been certified and submitted to be eligible for import.
-  **Note:** When importing application information from the prior season, only the application data will be re-uploaded to the MyERAS application. The LoR(s) will still need to be imported. Documents such as the photo, personal statements, medical transcript, and MSPE will not be imported from the previous season and will need to be re-uploaded in order to be assigned to programs.
